

# MDCRC's new premises inaugurated

COIMBATORE, JUL 8

The new premises of Molecular Diagnostics, Counseling, Care and Research Centre (MDCRC) at Royal Care Super Specialty Hospital was inaugurated on Sunday. Dr. Himangshu Das, Director, National Institute of Empowerment of Persons with Multiple Disabilities (NIEPMD), Chennai was the Chief Guest. The other special guests present on the occasion included, Padmashree Dr.P.R. Krishna Kumar, Managing Director, Arya Vaidya Pharmacy, Dr. Madeshwaran, Founder - Chairman, Royal Care Super Specialty Hospital, Dr. Dushyantsinh Jadeja, Lead, Google Health India and Dr. Ritesh Narayanpur, Manager, State Bank of India.

MDCRC, located in Coimbatore, is a not for profit charitable organization, headed by Dr.B.R. Lakshmi, working in the public health domain towards the identification and prevention of a rare genetic lethal disorder namely Duchenne Muscular Dystrophy affecting only male children.

Speaking on the occasion, Dr. Himangshu Das, said that participating in the event and getting to know MDCRC more closely has been a learning experience for him

and everybody present on the occasion. He said that there is still a lot to be done for those children affected with Duchenne Muscular Dystrophy. He lauded the work being done by MDCRC under the able leadership of Dr.B.R. Lakshmi, and hoped that the good work will be carried forward to more number of states in the country.

Dr. Krishnakumar in his address mentioned that it had been a beautiful experience attending the event. He applauded the work being done by Dr.Lakshmi and other staff members of MDCRC, for

the kind of dedicated service they were rendering to the children.

Dr. Madeshwaran in his address mentioned that he was amazed by the kind of enthusiasm that the team members of MDCRC had for their work. He added that the Royal Care Hospital will stand behind Dr. Lakshmi in her future journey.

Dr. Dushyantsinh Jadeja in his address on the occasion said that the healthcare sector in India has been doing really well in recent times and how with the help of technology it can be taken to the levels of

the top developed countries. He congratulated the team at MDCRC for their work.

Earlier Dr.B.R. Lakshmi welcomed the gathering and gave an overview on the journey of MDCRC and the various initiatives and activities undertaken by its team. She added that the vision 2020 of MDCRC is to ensure that Tamil Nadu will be the state where there will be no kid with Duchenne Muscular Dystrophy who goes unidentified.

Another highlight of the day were the cultural performances by the children.
